REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Claim 38 is allowed in view of applicant's 37CFR1.131 declarations swearing behind the Cooper et al. reference (6,491,408) and in view of applicant's remarks on pages 6 and 7 of the response received 7/23/04 which state that the Cooper et al. reference (6,491,408) does not anticipate claim 38. Further, no interference can be initiated because allowed claim 38 is considered patentably distinct over any of Cooper et als. (6,491,408) claims. Note allowed claim 38 does not copy any of Cooper et als. (6,491,408) claims and allowed claim 38 further recites "an elongated flexible stalk" as well as "at least one LED disposed within the light head capable and capable of emitting UV/blue LED light" which does not appear in any of Cooper et als. (6,491,408) claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
